DATA SCIENCE SKILLS

Python / PySpark

- Created, improved and maintained a PySpark pipeline for BI
- Created python ETL : from Excel to Data Base
- Deep Learning on time series (ARIMA)
- Developed an AI for the PAC-MAN game.

SQL

- Querying and optimizing a MySQL database

R

- Created a dashboard from dirty data

Docker

- Container management tool use in all my projects

Excel / PowerBI

- Manage data and interactive dashboard

LANGUAGE SKILLS

FRENCH

- Mother tongue

ENGLISH

- Fluent, lived 5 months in Irvine CA

SPANISH

- High School level

SOFT SKILLS

Curious

Enterprising

Adaptability

Rigorous

Supporter of failure

WORK EXPERIENCE

Airbus Aircraft : Data Engineer & Data Analyst for Manufacturing

SEPTEMBER 2023 - NOW FULLTIME TOULOUSE, FRANCE

- **Project Management & BI:** Led end-to-end data projects for A330/A350 programs, translating business needs into technical solutions to inform executive (COO) decision-making.  2
- **Data Engineering:** Developed and optimized scalable PySpark pipelines on the Skywise platform to automate Out of Sequence Work (OSW) tagging across all production sites.
- **Predictive Analytics:** Built a machine learning model to forecast Final Assembly Line (FAL) workload. 

Airbus Defense & Space : Data Scientist in Cost Engineering team

FEBRUARY - AUGUST 2023 INTERNSHIP TOULOUSE, FRANCE

- Proposed, designed and developed an ETL with python to bring added value on communication satellite costing data : accessibility / prediction / trends / comparison
- Created Dashboards with QlikSense and PowerBI
- Acquired transversal knowledge on satellite sector 

Prooftag : Data Scientist Intern

MAY - JULY 2022 INTERNSHIP MONTAUBAN, FRANCE

- Developed an ETL (Extract Transform Load) with Apache Hadoop, Apache Sqoop and Microsoft Power BI in parallel of a RDBMS (Relational DataBase Management System)

EDUCATION

UCI University of California, Irvine

SEPTEMBER - DECEMBER 2022 IRVINE, CALIFORNIA USA

- Accelerated Certificate Program
- Courses in Python, Statistics, Probabilities, Data science, Big data

ESIEE Paris : Engineering University

SEPTEMBER 2018- AUGUST 2023 CHAMPS SUR MARNE, FRANCE

- Electronics - Computer Science school
- Currently In fifth of a five-year combined B.SC -M.SC in Engineering
- Specialized in Data Science and Artificial Intelligence

INTERESTS

NEWSPACE :

- SpaceX (Falcon 9, Starship, Starlink ...) & ESA (Ariane 6)

ASSOCIATION

- ESIEE Student Union Treasurer : responsable of 250.000€ budget - Liaising with school administration - Requires strong communication & negotiation skills

SPORT

- Volleyball (regional league runner-up) / Tennis (competition)
- Sailing (level 3 of French sailing federation)
